

REACH Compliance Statement

We, **UltrArmor**, has surveyed our products and suppliers regarding the presence of the 235 substances included on the "Candidate List of Substances of Very High Concern" (SVHC) up to 14th June, 2023 inclusion date. The products that we supply are non-chemical products and under normal and reasonable use, they will not release harmful substance.

According to REACH Regulation Article 33, the **Items** below represents our current understanding on certain Substances of Very High Concern (SVHCs) in concentration of more than 0.1% weight by weight, which may be presented in listed items supplied in **UA3 N370**. We have relied on the information received from supply chain, in particular from its third-party suppliers. **UltrArmor** is willing to provide sufficient information for the safe use of the article to the recipients of the article.

As REACH regulation is updated frequently, for the major changes afterward, **UltrArmor** will evaluate the further revise in time and update this declaration to reflect these changes in our website.

Item	Article Name	Substance Name	CAS #	Remark
1	Adapter	Lead	7439-92-1	
2	Card WLAN	1, 2-dimethoxyethane; ethylene glycol dimethyl ether (EGDME)	110-71-4,	
		Lead titanium trioxide	12060-00-3,	
		Lead titanium zirconium oxide	12626-81-2	
		4,4'-isopropylidenediphenol	80-05-7	
		Lead	7439-92-1	
3	Cable Power Cord	Lead	7439-92-1	
4	Antenna	Lead	7439-92-1	
5	Cable Antenna	Lead	7439-92-1	
6	Stand off	Lead	7439-92-1	
7	Resistor	Lead	7439-92-1	
8	Memory	Lead	7439-92-1	
9	Storage	Lead	7439-92-1	
10	TI's IC	Lead	7439-92-1	
11	Infineon's IC	Lead	7439-92-1	
12	Nexperia's IC&Transistor&Diode	Lead	7439-92-1	
		4,4'-isopropylidenediphenol	80-05-7	
		Lead monoxide (lead oxide)	1317-36-8	
		Diboron trioxide	1303-86-2	
13	Formosams's Transistor&Diode	Lead	7439-92-1	
14	Sinpower's Transistor	Lead	7439-92-1	
15	PANJIT's Diode	Lead	7439-92-1	
16	Battery	1, 2-dimethoxyethane; ethylene glycol dimethyl ether (EGDME)	110-71-4
